N. Y. FEMALE AUXILIARY BIBLE SOCIETY
FIVE EAST FORTY-EIGHTH STREET
NEW YORK

Dear Mr. Roe:

Monday, I gave a card
of introduction to Miss M. E. Howard
(a worker for the above Society of which
I am a manager) which was addressed
to you. She wanted some information
which I felt sure you could give her.
While she is what she represents herself
to be, please do not let her make herself
a nuisance.

With all best wishes to you and your
family

Sincerely yours,

Eliza W. Greenwood

Dear Miss Greenwood:

For some time I have been planning to respond to your note regarding the call of Miss Howard, but I have put off doing so from day to day with the expectation that she might come. This morning she did come and I am sorry that we had to tell her that the medal concerning which she asked is of very slight value - we should have much preferred to tell her that the piece was saleable.

It was a pleasure to have even so vicarious a "contact" with you. I hope some day to be able to call and pay my respects. I hope that you and your sister are in good health, and that the outlook for the New Year is a bright one, and that its fulfillment will be even better than the outlook.

Very sincerely yours,

Secretary.
